DIRECTORY NOTICES

This Directory is the property of the City Telephone System.

Subscribers are requested to report promptly to the City Telephone System in writing, any error which may appear in this Directory.

USE THE DIRECTORY, never try to remember a telephone number. To try to remember it is to begin to guess. It is all right if you do remember it, but if you have the least doubt about it, look it up and thus save time and trouble not only for yourself but for the one whom you carelessly disturb by guessing the wrong number.

Extra Listing Service. See Rule 20, Department Rules and Regulations.

Additional copies of this issue, 75 cents; outside point $1.00 mailed free.

INSTRUCTIONS RELATING TO AUTOMATIC TELEPHONES

IMPORTANT

1. **REMOVE RECEIVER** from hook before operating dial.
2. **BRING THE FINGER** squarely to the finger stop.
3. **DO NOT** force the dial back; remove your finger and let it run back itself.
4. **ALWAYS HANG UP RECEIVER** before making a second call.
5. **HANG RECEIVER ON HOOK (SMALL END UP)** when through talking. Otherwise no one can call you.
6. **DO NOT JIGGLE THE RECEIVER HOOK.**
7. **BUSY BUZZ** sound in your ear means the line you called for is busy.
8. **EXTENSION PHONES.** When using always listen and make sure that line is not already in use. If connection is accidentally broken it should be restored by calling party.

Rules and Regulations

1. Telephone Instruments and Connecting Wires are furnished to subscribers for use in connection with rules prescribed by the Department from time to time and are to be used only by the subscriber, his agent, or employees when engaged upon his business. The equipment must not be used for receiving or delivering any communication in respect of which a consideration has been or is to be paid by any other party except as permitted by the rules of the Department.

2. Unlimited Telephone Service will not be furnished where the equipment is accessible to the general public, where the traffic originated by general public on any telephone exceeds that of the subscriber, the Department shall have the right to change the location of the equipment without notice.

3. Subscribers are not allowed to transfer the Telephone Number assigned to them, their service, or their contract to any other party unless arrangements are made in advance with the Department.

4. The Wires and Instruments over which service is furnished, together with the telephone numbers remain at all times the property of the Department, and subscribers must not allow any mechanical or electrical apparatus to be connected with said wires and instruments without the consent of the Department.

5. The Initial Installation period shall be for one month's service unless otherwise specified. No rebate, transfer or allowance will be made on any initial payment for service.

6. All Accounts are due and payable when rendered, and payment should be made within 20 days from the date of bill. If accounts on current month's bill remain unpaid after 20 days from date of bill, service may be discontinued. In case service is discontinued for non-payment of rental, 50c shall be charged for re-connection.

7. Breakages and Damages.—The subscriber shall be liable for all breakages or damages to the Telephone Equipment, except from unavoidable accidents.

8. The Department shall endeavor to render continuous service but shall not be liable for interruptions due to causes beyond the Department's control.

9. Rebate for Loss of Service.—No rebate for interruption to service can be made unless written notice is given to the Department immediately after such interruption has been repaired, and no rebate for interruptions will be allowed unless both "in" and "out" have been unavailable for a period of 36 hours.

10. The Use of Profane or abusive language over the Department's telephone equipment is prohibited. Persons using the equipment to the annoyance of other subscribers are liable to prosecution.

11. The Minimum Charge for Business or Residence Service is $6.50 and $2.75 respectively. These charges are made on periods of one day to one month.

12. The Department will not supply Residence or Domestic Service to any premises where any business for profit is carried on unless Commercial Service has already been contracted for. Premises is hereby defined as any building or portion thereof.

13. Temporary Disconnection.—Any subscriber, owing to the temporary closing of his residence, may have his service discontinued for a period not exceeding three months without cancelling contract or having telephone removed, if arranged and paid for at **full rate** in advance. This arrangement carries with it traffic and information service at a cost of $1.20 over and above the regular Telephone Rental.

14. If a Telephone installed for service at the Residence rate be used for the purpose of a business or profession, the Department may charge the Business rate for such service without regard to the date to which the subscriber has paid for service at the Residence rate. This also applies to subscribers, for Residence service only, who advertise their telephone number in connection with any business.

15. Moves and Charges.—The telephone is first located where subscriber directs and must not be moved or interfered with. When the subscriber desires to have the telephone moved to another location, notice must be given in writing at least ten days before the move is required. All moves and changes shall be charged at standard rates, fixed from time to time.

16. Notice of Discontinuance of Service on the part of the subscriber is only valid when made in writing and such should be received by the Department at least six days before the end of any subsequent rental period.

17. Telephone Numbers. — A subscriber's telephone number is not a part of the application or contract for service and it may be changed by the Department at any time, where the requirements of the service so demand.

18. Directories.—The necessary issue of subscriber's telephone directories shall be published from time to time. These directories are at all times the property of the Department and are loaned to subscribers for their convenience and not as a part of any contract. No part of the advertisements printed upon the cover shall be defaced, covered up or concealed by encasing the directory in any additional cover or otherwise whatsoever. The Department assumes no liability whatever because of errors or omissions in any copy of the book. Subscribers shall be supplied with one copy of each issue for each automatic telephone in service, additional copies shall be paid for by the subscriber. Each subscriber is allowed one listing in the directory under the alphabetical list. Each Business Telephone is allowed one listing in the classified section. All other listings shall be charged for.

19. Joint Users.—A joint user is defined as one who has obtained permission from a subscriber for the use of his service. For such Business service the Department shall charge a monthly rental of $2.00 payable in advance. For such Residence service the Department shall charge a monthly rental of $1.00 payable in advance. Joint users of telephone service will have similar privileges in the telephone directory as subscribers for direct line service. This service can only be cancelled at expiration of current directory issue.

20. Extra Listings are inserted in the directory under the telephone number of the direct line subscriber; such extra listings are allowed only where one interest is responsible, and are not allowed for separate companies or businesses.

21. Subscribers are supplied with all telephone apparatus necessary for good service, therefore the attachment of the various unauthorized devices offered for sale, which are supposed to eliminate noise, improve the transmission, supplant telephone directory, etc., cannot be permitted. All such devices are unnecessary and may be detrimental to the service. They are made simply to sell and with the completion of the sale the selling agent's interest ceases. Should unusual conditions necessitate the use of special apparatus, the Department will be glad to furnish same at reasonable rates.

22. Discounts.—Five per cent discount will be allowed on all bills for actual Telephone Rentals if paid on or before the date shown on such bill. Any subscriber wishing to pay any number of months in advance will be allowed five per cent on all amounts so paid in advance. The Department, however, will not undertake to bill subscribers for any amount in advance of the current month.

23. Temporary Construction.—Any applicant for service whose premises are more than 500 feet distant from that point where the Department's standard construction exists, will be required to pay the additional labor and construction costs involved in the installation of the service.

24. Wiring in New Buildings.—Where telephone service may be required in Blocks, Warehouses, and large Residences, the owner must have installed during the course of construction, special telephone conduits, and the necessary fittings satisfactory to the Department, at his expense. All other wiring charges will be borne by the Department.

25. Labor Charges on Extensions.—Where the cost of any extension to existing equipment is considered by the Superintendent of the Department to be excessive in comparison with rental returns, the installation cost will be charged to the Subscriber.

26. Any violation of any of the rules and regulations herein contained shall, at the option of the City Commissioners, cancel the Department's contract with subscriber.

Approved by City Council.

HOW TO USE THE DIAL TELEPHONE

WRONG WAY TO DIAL

CORRECT WAY TO DIAL

1

OBTAIN THE CORRECT NUMBER FROM THE DIRECTORY

Before making a call, look in the latest issue of the directory for the telephone number you wish to call. If the number desired is not listed in the directory, dial 113 and ask the Information Operator who answers, for the number.

2

DIAL TONE

Remove receiver or handset before operating dial. Listen for Dial Tone, a steady humming sound, and when you hear it, dial the number you are calling. If you do not hear the dial tone, or if someone else is using the line hang up and call again later.

3

HOW TO DIAL

The figures to be dialed must be dialed in the order in which they appear from left to right in the complete telephone number.

To dial any particular figure, place your finger firmly in the dial opening through which that figure is seen, and pull the dial around steadily in a clockwise direction until your finger strikes the finger stop. Then remove your finger, and, without aiding or hindering, let the dial return to its normal position.

If, before dialing is completed, it is found that an error has been made, or if the finger slips from the opening while dialing, the receiver should be hung up. After three seconds, remove the receiver and dial the complete number according to the foregoing instructions.

4

BUSY SIGNAL

The busy signal is a "buzz-buzz-buzz" sound heard when the line is in use. When you hear this signal hang up your receiver and call again later.

5

HANG UP THE RECEIVER WHEN THROUGH TALKING

When through talking hang up the receiver so that the equipment will be restored to normal for the next call.

Before making another call, the receiver should be left on the hook for at least three seconds, to give the equipment time to break the previous connection.

6

CALLS FROM COIN BOX TELEPHONES EQUIPPED WITH DIALS

In making a call from a coin box telephone equipped with a dial, remove the receiver from the hook, deposit a coin and then dial the desired number.

7

INCOMING CALLS

Incoming calls should be answered as promptly as possible by announcing your number or name.

EDMONTON RURAL SUBSCRIBERS

NORTH EDMONTON FARMERS' MUTUAL TELEPHONE CO. LTD.
Office: 103 Campbell Furniture Bldg., Edmonton
Telephone 28742

SOUTH EDMONTON MUTUAL TELEPHONE CO. LTD.
10426 81 Avenue
Telephone 31607

DIRECTIONS FOR USING TELEPHONE. PLEASE READ THEM CAREFULLY AS THEY ARE IMPORTANT

CITY SUBSCRIBERS—To call Rural subscribers, dial the directory listing of party desired.

RURAL SUBSCRIBERS—To call City subscribers dial 3, followed by directory listing of party desired.

To call subscribers on other Rural lines call directory listing but omit first two digits (97).

To call parties on your own line (do not use dial) consult signal sheet and ring the signal as indicated by the last two digits of the listed number. As per example subscriber No. 21 indicates that the ring is two short rings, a pause, followed by one short ring.

To call long distance dial 0. No prefix required.

For information regarding change of City and Rural Telephone Nos., etc, dial 3-113.

To report trouble on rural circuits dial 3-975.

Rural line subscribers must not "listen-in" to telephone conversations which are not intended for them, as it interferes with the service.

Local conversations on rural lines should not exceed **FIVE MINUTES'** duration.

CANADIAN NATURA HEALTH CLINIC

NATUROPATHIC TREATMENTS

NATUROPATHY is a distinct system of healing based on the theory that under normal conditions of natural living the body is a self recuperating organism. The Naturopathic Physician knows what constitutes natural living and is able to detect where and how any departure from the normal or natural has taken place. He then applies his knowledge and skill, aided by the required powers and sources of nature to bring about a return to normal or natural. Your Naturopathic Physician, a licensed Doctor, is trained to give intelligent assistance and advice for the restoration of health by natural methods.

FOR BEST RESULTS . . .

If you will speak

- slowly and clearly
- in a normal voice
- directly into the mouthpiece

you'll find telephoning

easier and more pleasant.

It Takes Wires to Tie a Town Together

From your telephone—from every telephone—two wires run all the way to the Central Office. Here they are interconnected at will, quick as a wink, with any other pair . . . the basis of the system which unifies every community through voice communication.

When all "spare" wires in any neighborhood have been put in service, or all switching apparatus at a Central Office has been used up, the only way additional subscribers can be served is by installing more wires or Central Office equipment.

There are always new Central Offices to be built, and others to be enlarged to care for the normal growth of the telephone industry.

The present program of expansion is taking much time and a vast amount of work to complete, since regular telephone manufacturing was entirely suspended during the war years.

That is part of the telephone job, however, and as the work goes forward it will tie people and towns and countries closer together than ever before.

City Telephone System

Telephone Service Billing . . .

Telephone Service is payable in advance, thereby doing away with the necessity of a deposit.

Telephone Bills are due on the date of billing.

5% Discount is allowed on Local Service Bills if paid within 10 days from date of billing.

Phone Accounts not paid within 20 days from date of billing are subject to disconnection.

All Unearned Rent becomes refundable when service is discontinued.

With the Department of Telephones

Applications for New Service—Changes in Location—Termination of Service

All matters relating to new telephone service, removals, termination of service, directory listings, adjustment of accounts, collection of bills, etc., are handled at the Business Offices of the Department.

Changes in Directory Listings

This telephone directory is issued every eight months. Notification as to new listings, changes or corrections should be made to the Local Office at once.

Directory Advertising

For information as to space or rates for Directory advertising, please communicate with City Telephone Department, 10009 - 102nd Avenue, Edmonton.

Terms and Conditions

Under Which Telephone Service is Furnished

Use of Telephone

1. The service furnished is for the exclusive use of the subscriber and members of the subscriber's household or the subscriber's employees upon the subscriber's business, and the subscriber shall not extend the use of the telephone to any other person, nor shall the subscriber transmit messages for any other person; and if a residence telephone is used for business or professional purposes the Department may charge therefor the rate charged for business or professional telephones. The residence telephone number of a subscriber may be advertised only in conjunction with the advertising of his business telephone number.

The Department will endeavor to keep the lines and instruments in good working order and undertakes to clear trouble or make repairs with all reasonable despatch, but does not guarantee uninterrupted service.

The right of the subscriber is to use the instruments and connecting lines where the Department may place them, but not elsewhere, under such rules as the Department may from time to time prescribe.

The use of obscene, profane or abusive language while using the telephone is strictly forbidden and service may be immediately discontinued for violation of this rule.

2. The instruments and all accessories connected therewith shall remain the property of the Department and the subscriber shall not remove, alter, or make any attachment thereto; and the subscriber agrees to compensate the Department on demand for any damage, loss or destruction of the Department's instruments and accessories whilst such instruments and accessories are in or upon the premises of the subscriber.

Construction

3. When it is necessary to erect poles or anchors in order to carry the wires from the main telephone line on the road allowance or street to the applicant's premises, such poles and anchors in connection therewith will be supplied and erected by the Department at the expense of the applicant.

Charges—How Paid

4. All charges for installations, moves, and monthly rentals shall be paid in advance, which shall entitle the subscriber to service with all subscribers connected to the same exchange. Regular toll rates will be charged for all service to points outside of the exchange.

5. Subscribers shall pay the installation charges, first rental instalment (and construction charges, if any) strictly in advance. Excess mileage charge will be added if outside of exchange limits. If subsequent rental accounts remain unpaid after the 15th of the month, service shall be discontinued and no rebate or reduction shall be allowed for such interruption to service.

6. Subscribers shall pay monthly, at schedule rates, for all messages and conversations over the Long Distance Lines. If said accounts remain unpaid after the 15th of the month, further credit shall be refused until account is paid.

7. Subscribers shall pay promptly, upon presentation of account, all charges for other miscellaneous items. If these charges are not paid within 15 days, service shall be discontinued.

Complaints re Long Distance Service

8. While the Department will carefully consider complaints in connection with toll service at any time received, it would be appreciated if subscribers would make such complaints immediately after conversation has taken place.

Vacation Allowance

9. Should a subscriber desire to have his Exchange Service temporarily discontinued, owing to the closing of his premises, he may do so without cancelling contract or having telephone removed, and, if arranged for in advance in writing, an allowance of two-thirds of the rate per month will be made for a period of not less than one month and not exceeding three months in any one year. Subscriber shall state, when making application, the period for which he expects to be absent and shall pay for this period in advance. Subscriber will notify the Department when he wishes service resumed, either in writing or by calling at the office and signing re-connect order. Owing to the fact that Multi-Party Line Telephones cannot be disconnected without a special trip being made to their location, this regulation will not apply to Multi-Party Line Service.

Moves

10. The telephone is first located where the subscriber directs and must not be moved or interfered with. When the subscriber desires to have the telephone moved to any other location notice in writing should be given to the local office, at least ten days before the change is desired. The work will then be done as promptly as possible at regular charges.

Joint User Service

11. A joint user is a person, firm or corporation, who shares the subscriber's exchange service in accordance with tariff provisions. To facilitate this use of service, a directory listing is included.

Business joint user—one-third of business Wall Set rate.

Residence joint user—50c per month.

Cancellation of Service

12. Subscribers giving up service must notify the Department in writing, or call at office and sign "Take Out" order. Failing to do this, subscriber will be liable for all charges up to date instrument is removed or taken over by a new subscriber.

Directories

13. The Department of Telephones assumes no liability on account of errors in or omissions from its directories. Telephone directories are and remain the property of Alberta Government Telephones, and subscribers will only receive free issue of the particular directory published covering the district in which their listing appears. Copies of other directories published by the Alberta Government Telephones may be obtained from the Directory Department, at Calgary, upon payment of the regular purchase price. Free issues are printed for the exclusive use of the Department's patrons and are loaned to its subscribers. All persons are cautioned against reproducing their contents, which are fully protected by copyright. Subscribers must not use any binder, holder or other attachments, except as provided by the Department.

Telephone Numbers

14. A subscriber's telephone number is not a part of the application for service, but numbers will only be changed when absolutely necessary or for the betterment of the service.

Recording of Telephone Conversations

15. A short "beep" tone heard over the telephone about every 15 seconds, indicates that the person with whom you are talking is recording your conversation by means of an electrical recording machine connected to the line. The "beep" signal is produced automatically by a device which connects the recorder to the telephone line and is provided by the Telephone Company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect his recording machine. When he disconnects his recorder, the signal is no longer heard.

Use of a recorder without this signal is not permitted.

How to Use the Telephone

AUTOMATIC TELEPHONE

Consult the Telephone Directory for the correct number before you make a call. Do not trust to your memory.

Call Information if the person or firm you wish to call is not listed in the Directory.

1. **Remove the Receiver.**—Be careful not to move the hook at any time during the call.

2. **Listen for the Dial Tone.**—This is a steady humming sound, when received it indicates that the equipment is ready for you to dial.

3. **What to Dial.**—It is necessary to dial each figure of the number in rotation.

4. **How to Dial.**—Suppose you are calling 2301. To dial this number proceed as follows:

(1) Remove receiver and listen for the dial tone.

(2) Place your finger in the hole over the figure "2".

(3) Turn the dial around until your finger strikes the finger stop, then lift your finger and allow the dial to return to rest without touching it.

(4) Repeat this operation for the figures 3-0-1. If you find that you have made an error before you have completed dialing, hang up the receiver for a few seconds, then remove the receiver, listen for the dial tone and after hearing it, dial your call again.

5. **Ringing and Busy Signals.**—After you have finished dialing you should hear in the receiver either the ringing signal (an intermittent burr-rr-ing sound) indicating that the called telephone is being rung, or the busy signal—a rapid buzz-buzz-buzz—indicating that the called line is busy.

If you hear the ringing signal and receive no answer within a reasonable period, hang up the receiver and call later.

If you hear the busy signal hang up the receiver and after waiting a reasonable length of time call again.

If you hear neither signal within half a minute, hang up the receiver for a few seconds, then remove it and dial again. If the same condition is found after several attempts, report the condition to "Trouble" operator.

6. **After You Have Finished Talking**—Hang up your receiver. This will disconnect you from the called telephone. Leave your receiver on the hook for a few seconds before starting to make another call.

MANUAL TELEPHONE

Consult the Telephone Directory for the correct number before you make a call. Do not trust to your memory.

Ask for "Information" if the person or firm you wish to call is not listed in the Directory.

1. **To Call the Operator** give one long ring before removing the receiver from the hook and then hold the receiver to the ear.

2. **When the Operator Replies** by saying "Number?" give the number of the subscriber's telephone desired, slowly and distinctly.

Example:—"21429" should be pronounced "two one four—two nine."

OR

"175" should be pronounced "one seven five."

3. **Face the Transmitter** with the lips almost touching the mouthpiece. Speak naturally, distinctly and not too rapidly.

4. **Keep the Receiver to the Ear,** and the Operator, after repeating the number, will connect you with the subscriber called for. If the desired line is found to be in use the operator will report "Line Busy."

5. **When You Have Finished Talking** place the receiver on the hook, small end up, and give a short ring. This gives the operator a signal to disconnect and you are then in a position to call another number or to be called.

NOTE:—At Cardston, Hanna, Lacombe, Lloydminster, Macleod, Vermilion and Wetaskiwin (Common Battery Exchange) no ringing, except by rural line subscribers, is necessary. Simply remove receiver from hook and in all other respects proceed as instructed above, placing the receiver on the hook when conversation is finished.

6. **Do Not Use the Telephone** during a thunderstorm.

7. **Rural Line Subscribers** should limit their conversation to five minutes' duration and must not "listen in" to conversation not intended for them, as it interferes with the service.

Complaints:—Complaints regarding telephone trouble and unsatisfactory service should be made to the Local Manager, Agent or Chief Operator at the Office concerned, and if not rectified within a reasonable time, the matter should be referred to the General Traffic Superintendent at Edmonton.

AUTOMATIC EXCHANGES

Information:—Call information for numbers of New Subscribers, Changes, Long Distance Line Charges, New Toll Offices, etc.

Trouble:—Complaints regarding Telephone Troubles should be reported to Trouble Operator. When reporting trouble give telephone number affected and its location, also state as accurately as possible just how trouble manifests itself. Try to be specific, as incomplete information frequently causes delay in locating nature of trouble.

If a line you are trying to call repeatedly tests "busy", notify Trouble Operator, who will investigate whether same is caused by an abnormal condition on line, or from use. If any line appears too busy for good service write to the District Commercial Superintendent. Subscribers are requested not to engage Trouble or Information Operators in conversation longer than necessary, as by so doing the operator will be prevented from giving prompt attention to other patrons.

Information on the Use of Long Distance

Station-to-Station Calls

The Station-to-Station rate applies when it is not desired to establish communication with a particular person called.

Station-to-Station calls must be made by number whenever Telephone Directory information covering the called point is available. When such information is not available, the name or address under which the telephone is listed should be given, specifying that "anyone at that number will do".

Example:—"I want 2684 Red Deer. This is J. H. Brown 24578";

OR

"I want anyone at J. Jones' telephone, Kensington Road, Red Deer. This is J. H. Brown 24578".

Reduced rates are in effect from 6:00 p.m. to 4:30 a.m., and all day Sunday.

Person-to-Person Calls

When you specify an individual to whom you must speak (a Person-to-Person call), the rate is somewhat higher than for an "Anyone" (Station-to-Station) call, because Person-to-Person calls require more operating time. Place such calls with the operator in the same manner as Station-to-Station calls, specifying the name of the person with whom you wish to speak.

Example:—"I want John Jones at 2684 Red Deer. This is J. H. Brown 24578"

OR

"I want John Jones, Kensington Road, Red Deer. This is J. H. Brown 24578".

Reduced rates are in effect from 6:00 p.m. to 4:30 a.m., and all day Sunday.

Appointment Calls

An Appointment Call is a Person-to-Person call requiring communication to be established at a specified time, and order should be given to the Long Distance operator in the usual manner.

Messenger Calls

A Messenger Call is a Person-to-Person call, necessitating the services of a Messenger to secure the attendance of a specified person, and order should be given to the Long Distance operator in the usual manner. The Messenger Service in such cases must be prepaid by the calling party if the call is placed from a Public Pay Station.

Collect Calls

Collect Calls are Person-to-Person or Station-to-Station Calls, the charges for which are reversed, i.e., to be collected from the called party. In such cases the assent of the called party should be obtained before the connection is established.
